

ABB

Baby Scale

The ABB Scale is a lightweight battery-operated digital scale which is designed to weigh infants and small animals. This scale has an easy to clean surface as well as a curve design to provide maximum safety and accuracy when weighing. A tare feature allows compensation for the extra weights of blankets or diapers. ABB also has a quick reference measuring tape printed on the scale platform for extensive recording. There is a memory feature to store the last weight measured.

- High Accuracy 20kg x 5g
- Convenient lb / kg toggle key
- Recall key to view the last weight measured
- Built in measuring tape
- Power : 4 x AA batteries or AC adaptor (included)
- Auto power off function

Optional Baby Scale Bag ▲
