TOTAL WEIGHING SOLUTION™

ER PLUS SERIES | Price Computing Scales

Features

Display options

The ER PLUS comes with an LCD display. Choose between the standard non-pole type or pole type display. The pole type display is reversed so that clients are in full view of price and weight.

LCD Display ▲

Standard Type ▲ Pole Type ▲

Auto-power off function

The ER PLUS scale will automatically switch itself off if left unused for a set period of time.

Double tray

Designed with both plastic and stainless steel trays that are made from heavy-duty and washable materials.

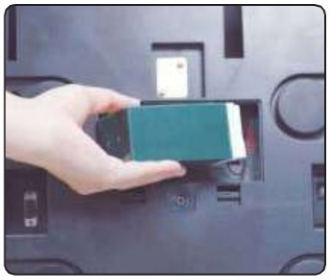

Soft touch tact switch key pad

Soft touch tact switch with silicon rubber keypad provides protection from such things as water, flour, dirt and other external objects interferring.

Rechargeable battery

The scale can be used up to 200hrs(LCD) after recharging the battery for 10 hours.

Dual interval technology with high resolution

High resolution (1/3,000) and dual interval technology which allows the scale weighing intervals to automatically change when a certain amount of weight is loaded on the tray.

ER^{PLUS} SERIES | **Price Computing** Scales

Ticket Printing System

Connect with a ticket printer

The ER^{PLUS} series can be connected to DEP-50 (Ticket) printer via RS-232C interface. Once connected the ER^{PLUS} series can be used as a ticket printing scale.

Options

- Client view pole display
- Backlight
- Fish tray
